

# great escape

This is the good life!

**W**ant to have the best day of your life? Then cruise the ocean blue with 12 of your family and friends, on a spacious, powerful 42' Sea Ray Sundancer called *Cayman Elusion*. An experienced captain and mate on this pristine vessel offer the most exclusive and luxurious way to enjoy Cayman's natural assets. Swim with the stingrays, snorkel at any of the surrounding reefs, jump into the crystal Caribbean from the yacht's large swim platform, or just relax, an icy cocktail in hand, and drink in the breathtaking beauty all around you. When you're ready for more action, a three-seater wave runner on the back deck is lowered into the water, you squeeze the throttle and have the ride of your life. This is paradise!

The *Cayman Elusion* is operated by Cayman Luxury Charters whose staff are trained to offer an unforgettable day's excursion, tailored to meet individual requirements. Whether you'd like to drop anchor and quietly watch an amazing sunset, to cruise along Seven Mile Beach, to experience a thrilling seven-hour trip around Grand Cayman or to drop a fishing line while exploring the outer banks of Grand Cayman, the *Elusion's* crew offers exceptional service with a smile!

Light refreshments and snacks are on offer. Should you want to spice it up a little, a full standard bar including Italian Prosecco is available. *Cayman Elusion* is built for maximum comfort. Up top, there's a large padded sun deck and down below, a fully air-conditioned cabin which includes a master stateroom for two, with its own private bathroom and spacious shower. There's a TV/DVD and X-Box Games, in case the kids want a break from the great outdoors. A second stateroom with private bathroom also accommodates two and converts to a small sitting room with TV/DVD player. The main salon in the cabin has a full kitchen and a big sofa and table for six which converts into a bed for two.

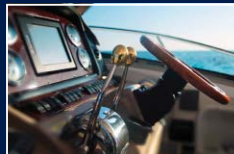

*Cayman Elusion* is also perfectly suited to an overnight cruise for six people to Little Cayman. This excursion includes one or two nights at a beachfront hotel and the opportunity to explore the island and scuba dive its world-famous Bloody Bay Wall.

For a romantic getaway, wedding celebrations, anniversaries, birthdays or simply a day spent on the water, relaxing with friends and family, Cayman Luxury Charters offers an 'elusion' you'll remember. Forever.
